JOURNEYS

Day 1

Your Journey extension begins when you are welcomed by your local host at the Iguazu airport where you will then transfer to your hotel for check in. Enjoy time to relax and spend the afternoon at leisure.

Day 2

This is your day to sleep late, rest and enjoy your Iguazu Falls resort.

After resting, you'll explore a nearby village in the afternoon. This tour begins with the group meeting a "native guide," who will introduce everyone to the village, explaining as he goes local beliefs, myths, legends and more.

After the tour, see local crafts made of wood, liana, seeds and more before returning to the resort.

Day 3

Iguazú National Park—a total of 55,500 hectares— bears the name of the river serving as northern border, which means 'great waters' in the guaraní language. Surrounded by a lush subtropical rainforest, we will find the majestic Iguazú Waterfalls. Its water volume and more than 275 falls places it among the most important and spectacular waterfalls in the world. On different footbridges, we will visit the heart of the waterfalls, appreciating them from different angles. We will visit the lower circuit, and feel part of nature, refreshing ourselves with waterfall drizzle. On the upper circuit, we will stop at different viewpoints, and then reach the balcony at Garganta del Diablo (Devil's Throat).

No doubt, this is the most amazing of all falls: water falls down from 87 yards (80 meters). Your adventure begins on a navigation tour of the Argentine side of the falls! Board zodiac boats with your trusted guide and prepare to navigate three miles through the lower Iguazú river on these thrilling inflatable speed boats. You will be crossing one mile of rapids and get into the Devil's Throat Canyon approaching the water falls. Travel through the Canyon of the Iguazu River, until the falls. After enjoying the view from the calm side of San Martin Island, sail to the "Tres Mosqueteros" waterfall for a breath-taking view of both the Brazilian and Argentinian sides and Devil's Throat. After that, sail along the shore of the island until the most exciting part - the San Martin waterfall, a wonderful and unforgettable experience, for it's the largest waterfall any motor-boat can approach safely.

While taking in the magnificent sight of the falls, you will also get a great opportunity to discover the 2000 different species of flora, over 500 different kinds of birds and approximately 80 different mammals that surround the tropical rainforest of the falls.

After your thrilling adventure on the falls, enjoy lunch and then back at your hotel to enjoy the rest of your evening at leisure.

Day 4

After breakfast and hotel check out, a transfer will take you to the airport to fly back to Buenos Aires, Argentina.

Upon arrival, another transfer will be waiting to take you to your centrally-located Buenos Aires hotel. Get rested, tomorrow your Enrichment Journey will officially begin, including an Afternoon City Tour of Buenos Aires and a Welcome Dinner.
